Italian Styling With A Contemporary Layout

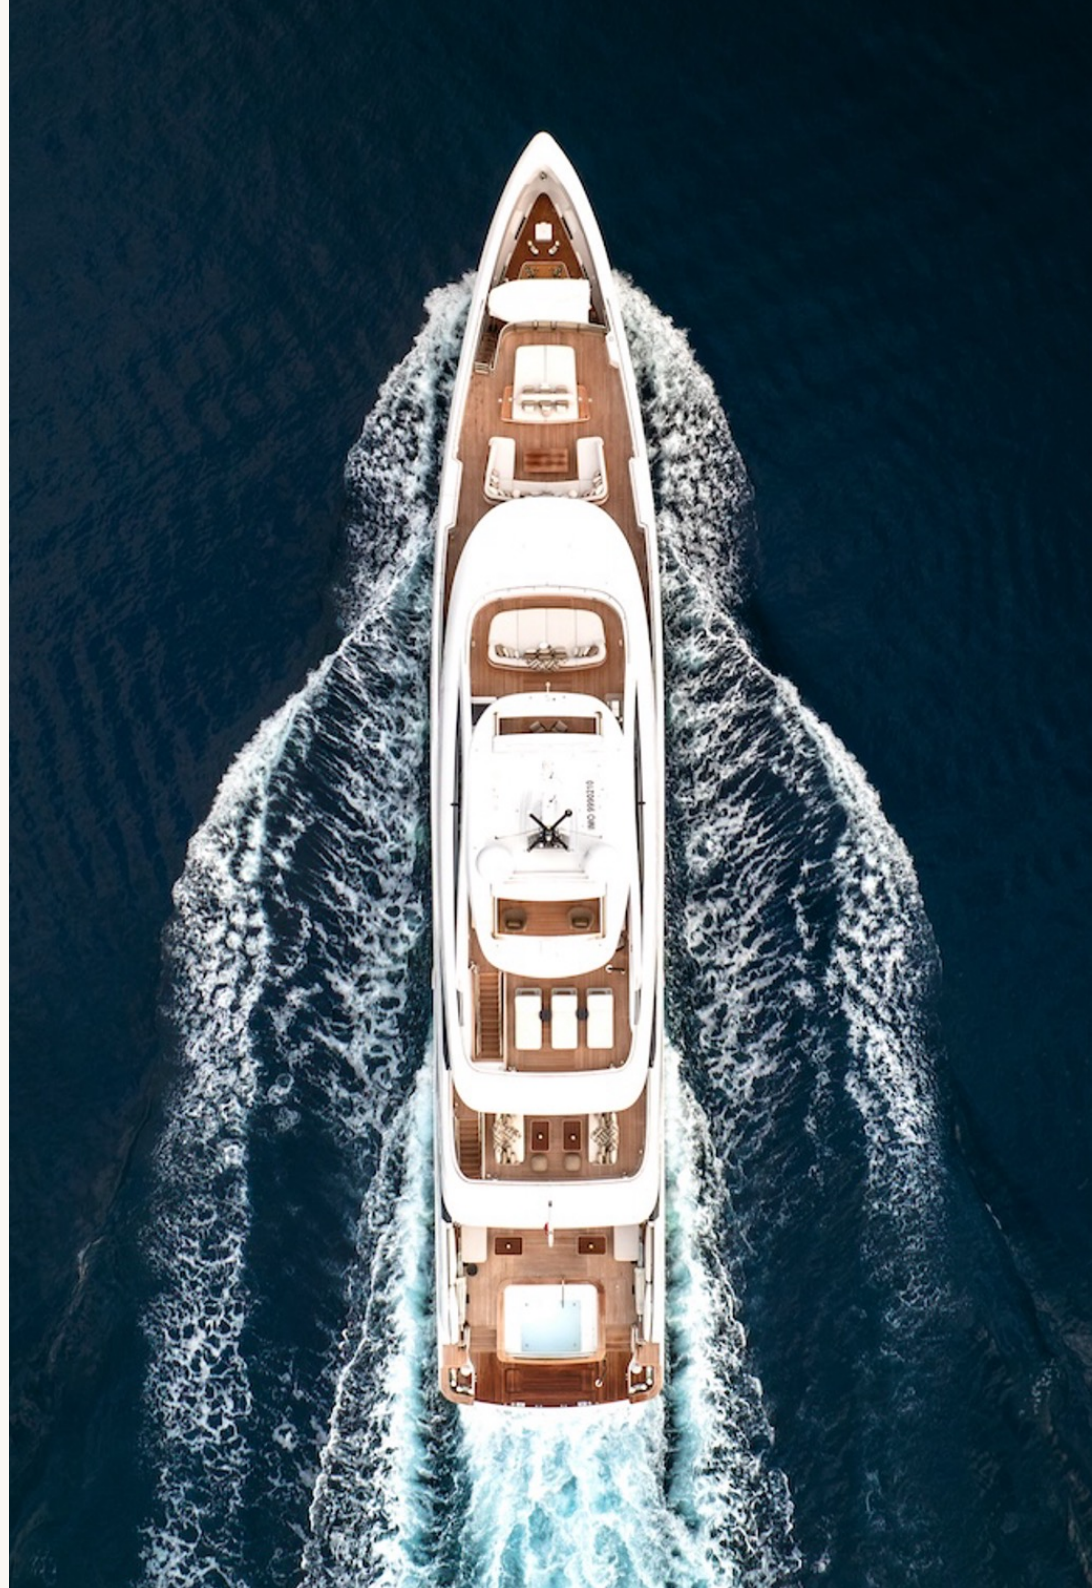

New to the charter market for 2026, INDIGO is a 49.9m Benetti B.Now that combines contemporary Italian styling with one of the most successful layouts in her size category. Built around Benetti's signature Oasis Deck, she offers an exceptional connection to the sea, generous outdoor living and a calm, modern interior designed with comfort in mind. The Oasis Deck is the natural focal point on board, with fold-down balconies extending the beach club. An infinity pool overlooking the water completes this inviting social space, while the spacious foredeck provides generous sunbathing and relaxed seating. Above, the sundeck combines a Jacuzzi, bar, al fresco dining and a retractable roof, allowing guests to enjoy either sunshine or shade throughout the day.

Inside, large windows flood the main saloon with natural light, creating an inviting space for relaxing or dining. The upper deck skylounge provides a more informal retreat, complemented by a private guest office and a dedicated wellness suite featuring a steam room and a well-equipped gym.

Accommodating up to 12 guests in five beautifully appointed staterooms, INDIGO is equally well suited to families and groups of friends. The full-beam owner's suite occupies the main deck and benefits from a private fold-out balcony, while two double cabins and two convertible twin cabins on the lower deck provide versatile accommodation for a wide range of charter groups.

Designed as much for adventure as relaxation, INDIGO carries a 14m SACS Rebel 47 chase boat alongside an impressive collection of water toys, including SeaDoos, Seabobs, an eFoil and an inflatable playground. Starlink connectivity, indoor and outdoor cinema options, RYA Approved Watersports Centre status and a highly experienced crew complete a yacht that has been thoughtfully equipped for an exceptional charter experience. For guests seeking a contemporary 50-metre charter yacht, INDIGO offers an excellent balance of space, versatility and modern amenities, making her a standout choice for both Mediterranean and Caribbean cruising.

INDIGO
