PURE SPIRIT

With a staunchly yacht-chic ambiance, the interior design offers luxury, magic and charms of Asia.

The owners – a famous designer and a hotel owner – have successfully blended true French art de vivre with renowned Indonesian hospitality.

The materials include teak, lacquered wood and precious indigo-coloured Shibori fabrics, and each room and its furnishings are unique and bespoke.

The pieces are either created by Indonesian artisans or found on the neighbouring islands during the yacht's journeys – adventures you will soon be able to experience...

The yacht also features unique collections, including ancient spoons, sculpted oars, pearl hats, calligraphy brushes, ancestral spears, tribal masks and antique tableware.

PURE DIVING

The waters of Indonesia are an epicentre of biodiversity offering the world's most varied concentration of marine life. With hundreds of unique, colourful coral reefs, warm water and exotic, tropical marine life, it's a paradise for divers and snorkelers of all levels.

Your very own dive master is stationed aboard the yacht, ready to take you on the most incredible adventures. After setting sail to the most beautiful areas offering the most breathtaking diving, you will be provided with brand-new, professional equipment before setting off to discover the ocean and its enchanting inhabitants in total safety.

PURE DINING

A talented chef and an assistant are at your service, ready to introduce you to the full flavours and variety of Asian cuisine. Each island puts its own twist on its dishes, which are as rich and diverse as their cultures. Let yourself be guided, or choose your own, bespoke daily menus. The chefs can craft delicious Indonesian delicacies, but are also qualified in western cuisine.

Every meal is a new discovery, as OCEAN PURE also focuses on the culinary arts. Each breakfast, lunch and dinner will be a chance to discover new glassware, table sets and tablecloths. You can choose to enjoy your meals outside on the main deck, or in the cool, air-conditioned dining room, while still admiring the stunning, 180-degree views...

Why not organise a picnic for lunch on a white sandy beach in the shade of the palm trees, or an evening BBQ while watching the sunset on a deserted island? Everything is possible, and the staff will take care of your needs from start to finish!
