ABOUT

Purpose-built for Arctic exploration, Tarmo invites guests to experience the polar world with confidence and quiet sophistication, offering privileged access to remote and spectacular landscapes.

Perfect for intimate private groups, she offers a far more personal and immersive way to experience the Arctic – where flexibility and meaningful shared moments define the journey.

Smaller and more agile than large cruise ships, Tarmo is able to navigate secluded bays, sheltered inlets and remote anchorages beyond the reach of larger vessels, unlocking a more exclusive and authentic encounter with this unique landscape and its native wildlife.

Accommodating up to twelve guests across six comfortable cabins, the vessel achieves a rare balance of privacy and conviviality, creating an atmosphere that feels both warm and effortlessly welcoming.

Designed for journeys that unfold at a measured pace, Tarmo's generous communal spaces encourage relaxed conversation, spectacular panoramic views and unhurried enjoyment of life at sea.

With delicious warming food at the ready from your accomplished chef, and expert local knowledge from your captain and their crew, each day is filled with fascination, awe and memories that will last a lifetime.

Guests can gather in the bar and library, home to a curated collection of books and films dedicated to the Arctic regions – an inviting setting to reflect on the day's discoveries or deepen one's connection to the landscapes beyond. A dedicated video and library lounge offers a comfortable retreat for quieter moments and downtime between excursions.

After active days ashore exploring remote coastlines and

polar wilderness, the onboard sauna provides a restorative sanctuary – an indulgent space to relax, warm up, and recharge in complete comfort.

Equipped with two expedition Zodiacs, Tarmo offers privileged access to secluded shores, hidden landing points and otherwise unreachable corners of the coastline, enriching every itinerary with a deeper sense of exploration.

Refined without sacrificing authenticity, Tarmo represents the ultimate expression of expedition yachting: ideal for guests who seek privacy and authenticity while remaining fully immersed in the spirit of adventure.

EXPLORE

SVALBARD NORWAY GREENLAND

GREENLAND

Disko Bay is one of Greenland's premier exploration destinations, boasting an exceptional density of icebergs and active glaciers. Sailing routes alternate between isolated villages, deep fjords, and vast expanses of ice. A spectacular and still relatively undiscovered destination, ideal for exclusive itineraries.

SVALBARD & SPITSBERGEN

Spitsbergen in summer offers a unique immersion in the heart of the Arctic, with continuous sunshine and ideal conditions for exploration. Sailing allows you to get close to glaciers, drifting ice floes, and Arctic wildlife (bears, walruses, whales). An iconic destination with a very high perceived value, perfectly suited to adventure travelers.

NORWAY

In summer, Norway reveals the full splendour of its fjords, with long days, soft sunlight, and spectacular sailing. The itineraries allow you to explore wild areas, accessible only by sea, with great flexibility. An ideal destination for adventure cruises combining scenery, hiking and sailing.

KEY FEATURES

1. Remote & Rare

Designed for polar exploration, Tarmo offers privileged access to remote landscapes with confidence, comfort and authenticity.

2. Intimate by design

Maximum 12 guests. Private, quiet and genuinely exclusive. No crowds, no compromise. Flexible itineraries.

3. Intelligent Adventure

Skiing, hiking, exploration. Active, but thoughtful. Experience-led, not adrenaline-fuelled for the sake of it.

4. Lighter Footprint

Small-scale operations in untouched environments. A more considered alternative to large expedition cruises.

5. Sauna Sanctuary Onboard

After days of exploration, unwind in the onboard sauna – a restorative retreat in complete comfort.

6. Expert Local Crew

The team has been operating adventure vessels in the Arctic for over 30 years of combined experience.
