LUXURY RESORT AT SEA

Whisper is not like other yachts. At 95 metres, her size alone makes her a marvel of the seas. Fusing high glamour with a guest-centric, service-orientated layout, Whisper's five larger-than-life decks contain every amenity you could possibly need for a fun-packed week at sea, including three full lounging and dining areas, formal dining for 18 guests; a full-service spa; two retractable sea terraces that open from the lobby and gym spaces; a double-height main saloon and cinema room. Such a line up has earned her a list of accolades to her name, including a prize at the prestigious World Superyacht Awards. Accommodating 12 guests in seven sumptuous suites, Whisper blends the opulence, entertainment and service of a world-renowned resort with the freedom and flexibility to explore the ocean.

INTERIOR LIVING

SOCIABLE ON ANY SCALE

Whisper's interior is a masterpiece of design, with the ability to cater to both grand-scale entertaining and intimate charter parties. The main guest spaces are located on the main and upper decks; on the main deck, a cinema room adjacent to the guest cabins, that can double as a guest salon or reading room, and the opulent double-height main salon, which is connected to the upper deck lounge and dining room via an impressive atrium staircase, flanked by two video walls, setting the stage for large events. The sports bar can transform to a night club by night. While Whisper can – and has – hosted the largest parties, the beauty of her Raymond Langton design is its ability to create an atmosphere of warmth and intimacy. Soft, soothing lighting bathes the interiors, enhancing the sense of cosiness, while precious materials and delicate touches provide luxury at every turn.

WELLNESS

SPA QUALITY

Located on the lower deck, Whisper's spa, with hammam, spa pool, cold plunge pool, steam shower and massage room, provides a sanctuary for relaxation and rejuvenation. This meditative space combines dark stones with intriguing, juxtaposed textures, from smooth flat rocks to elegant glass and various wood surfaces, and is bathed in soft, gentle lighting, creating a serene ambiance that invites you to unwind and let go.

CABIN ARRANGEMENT

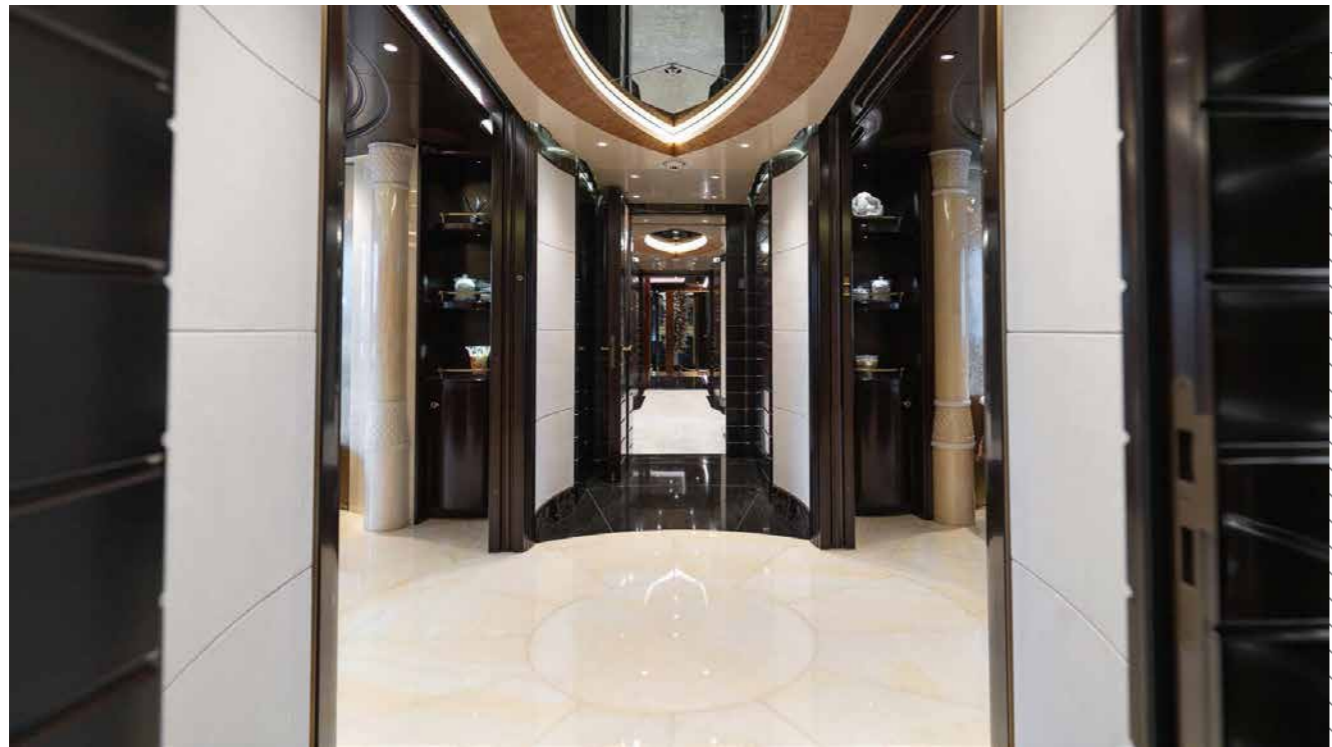

SEVEN SUMPTUOUS SUITES

Whisper's thoughtful, guest-centric design extends to her seven sumptuous suites, all of which provide an exceptional experience for guests. The owner's suite, complete with fireplace, skylight and stunning 180-degree views, is a haven of tranquility. The remaining five main deck cabins – two VIPs and three convertible doubles – are generously proportioned, flooded with light through large windows, and each distinguished by a unique colour scheme, ranging from art deco to Japanese style. In addition, a seventh "sea cabin" is strategically located on the lower deck, portside amidships to minimise motion, making it ideal for guests who may be sensitive to seasickness. Beyond its practicality, it is conveniently adjacent to the guest gym, spa, and starboard side fold-down tender dock, adding to its appeal.

EXTERIOR LIVING

NEVER- ENDING OPTIONS

Whisper's exterior spaces are meticulously designed to cater for both relaxation and entertainment. Generous staircases connect the spaces seamlessly, creating an ideal guest circulation. Make a splash in the sun deck's 12-metre mosaic pool and integrated Jacuzzi, or take in the views from the observation deck above, accessible via a winding staircase. Pick up the pace with a game of basketball on the foredeck court or enjoy a sundowner on the expansive outdoor lounge area. The vast aft deck, which can be configured as a large sports bar or even a night club, is the perfect way to end the evening.
